<p style="text-align: center;"><b>GBC Digital OPP</b></p> <p>GBC Digital OPP Gloss and Matt is an excellent combination of our highest quality OPP film combined with a special digital adhesive. Developed to create an aggressive bond with prints containing a high levels of fuser oil. This film works well with digital output especially Xerox based print engines.</p> <p style="text-align: center;">Temp: 100 - 110oC</p>		Gloss	315	1000	44200315	£134.35	
		Gloss	440	1000	44200440	£188.66	
		Gloss	495	1000	4400284	£212.24	
		Matt	315	1000	4400285	£180.02	
		Matt	440	1000	5100116	£251.57	
		Matt	495	1000	4400288	£283.00	

<p style="text-align: center;"><b>GBC Digital LayFlat*</b></p> <p>The Digital Lay-Flat film was developed for prints containing fuser oils or have a waxy surface. Extensive market testing has shown that once printed, the digital out put can be laminated immediately. It is the best solution for digital printers that require fast turnaround times to meet customer demands. Next to a very aggressive adhesive this film is based on nylon and reduces curl after lamination so possible curling of laminated output is limited.</p> <p style="text-align: center;">Temp: 100 - 110oC</p>	38	Gloss	315	500	44100315	£360.86
