MANUAL WIRE-O® PUNCH/BIND

A DURABLE AND EASY-TO USE MANUAL PUNCH/BIND FOR DOCUMENT FINISHING

Compact, lightweight and portable the PB34 is an ideal document finishing solution for office environments. This robust machine will easily punch up to 12 sheets of 80 gsm paper at a time, for binding documents up to 120 pages in thickness (Wire-O® sizes 3 to 9).

Featuring an adjustable lay gauge for perfect registration and a new integral document thickness guide to help you select the correct binding wire required, this popular system will soon become an indispensable addition to your office.

The simple, yet effective manual close mechanism is also capable of binding thicker documents using up to size 16 wire (200 pages of 80 gsm).
