

# RENZ®

## BINDING AND LAMINATING SYSTEMS

OFFICE LINE

The new generation of punch and binding machines for RENZ spiral binding.

### SPB 360

manual operated punch with electrical spiral inserting unit, integrated spiral cutting and crimping unit

### SPB 360 comfort

electrical punch with electrical spiral inserting unit, integrated spiral cutting and crimping unit

QUALITY -  
MADE IN GERMANY

#### FEATURES

- [+] Designed to give the most efficient workflow.
- [+] The modular construction of the **SPB 360** allows it to be upgraded to an **SPB 360 comfort**, electric punch with electrical spiral inserting unit by the simple addition of an electric punching module
- [+] Compact construction with high stability.
- [+] Integrated spiral cutting and crimping unit (only for plastic spirals).
- [+] Insertion of plastic and wire spirals.
- [+] max. binding thickness up to 17 mm.
- [+] working width 360 mm. (14,2")

## WORKFLOW

Vertical punching - manually or electrically.

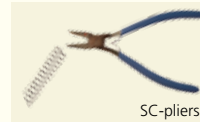

The spirals are easily inserted into the pre-punched book by means of an electrical drive.

The integrated spiral cutting and crimping unit perfectly cuts and crimps the plastic spiral ends. Metal spirals can be cut, using a SC-pliers.
